

GRAPPA MERRY CHRISTMAS

The magic of the night before Christmas is encapsulated by this clear, unadulterated grappa that presents delicate notes of grapes and white-fleshed fruit. On the palate it is fragrant, fresh and polished, with subtle floral aromas.

As required by the Da Ponte Method, it is made using a bain-marie batch distillation process in order to preserve the immaculate aromatic essences. It pays tribute to Clement Clarke Moore, who wrote the famous poem 'Twas the Night Before Christmas. He is thought to have been inspired by Lorenzo Da Ponte, who paid him a visit in New York on Christmas Eve 1822.
